REPLY COMMENTS OF COMMUNITY ACCESS TELEVISION OF SALINA, INC.  
IN THE FOURTH FURTHER NOTICE OF PROPOSED RULEMAKING  
AND THIRD NOTICE OF INQUIRY

To The Commission:

COMMUNITY ACCESS TELEVISION OF SALINA, INC. is writing in response to your request for reply comments in the Fourth Further Notice of Proposed Rulemaking/ Third Notice of Inquiry, FCC 95-315, in the above-captioned proceeding, released August 9, 1995.

We are in full support of the comments filed by the Alliance for Community Media, the Media Access Project, and the Minority Media and Telecommunications Council in this proceeding. Like them, we believe that advanced television "transition" spectrum should be used to enhance both the quantity and quality of local educational, political, cultural, public affairs, and non-commercial programming.

COMMUNITY ACCESS TELEVISION OF SALINA, INC. is a nonprofit community service television facility. We teach nonprofit groups, (such as the girl scouts, Hotline, civic clubs, schools, government agencies), how to produce television programs and then we air those programs on the cable system free of charge.

This Public, Education and Government access center works with a wide range of religious, community, educational, charitable, and other non-commercial, non-profit institutions. These organizations use our PEG access center and the facilities we provide to speak to their memberships and their larger communities and participate in an ever-growing "electronic town hall." A list of organizations that

regularly use our facility is attached.

On behalf of our users and viewers, we urge the Commission to consider our children's futures, the vitality of our political and cultural life, and our country's budgetary realities as it continues its rulemaking on this vital issue.

Respectfully Submitted,

---
